

**Office of State Representative
Garnet F. Coleman
District 147**

May 29, 2009

Dear Governor Perry:

Thank you for your understanding and assistance on the language amended to HB 3485 that allows rural hospitals to recruit and hire physicians. Because of your rural roots in Haskell County and your childhood home of Paint Creek, you know this will help rural hospitals bring quality physicians into the community. Without you, this legislation could not pass in a form that best benefits these rural hospitals.

Sincerely,

A handwritten signature in cursive script that reads "Garnet F. Coleman".

Garnet F. Coleman
