--To-whom-it may concern,--

As you may notice, there is an \$11,450 deposit made in September, which will appear on the January 15th State Ethics Committee filing for State Representative Debbie Riddle.

This deposit came from various sources who donated during a fundraiser in the month of August. We are still trying to acquire information on the various sources, however, Debbie's car was stolen in November, and the records were lost. We are diligently trying to rectify this matter.

Thank you,

Nicholas Broussard
Campaign Treasurer
